

COMPUTER ENGINEERING (BS)

Program Requirements

Course	Title	Hours
First Year		
Fall		
CHEM 101	General Chemistry I	3
CHEM 101L	General Chemistry I Lab	1
DEPT 193	FYS:	3
MATH 157	Calculus and Analytic Geometry I	4
PHIL 101	Reasoning	3
COMM 100	Communication and Speech	3
Hours		17
Spring		
CPSC 121	Computer Science I	3
ENGL 101	Writing	3
MATH 258	Calculus and Analytic Geometry II	4
CPEN 230	Introduction Digital Logic	3
CPEN 230L	Introduction Digital Logic Lab	1
PHIL 201	Philosophy of Human Nature	3
Hours		17
Second Year		
Fall		
CPEN 231	Embedded Computer Systems	3
CPEN 231L	Embedded Computer Systems Lab	1
PHYS 121	Physics I	4
PHYS 121L	Physics I Lab	1
EENG 201	Circuit Analysis I	3
EENG 201L	Circuit Analysis I Lab	1
MATH 231	Discrete Structures	3
Hours		16
Spring		
CPSC 122	Computer Science II	3
CPEN 247	Network Interfacing and Sockets	3
EENG 202	Circuit Analysis II	3
MATH 259	Calculus and Analytic Geometry III	4
Religion Requirement: Christianity and Catholic Traditions		3
Hours		16
Third Year		
Fall		
CPSC 223	Algorithm and Abstract Data Structures	3
EENG 303	Electronics Design I	3
EENG 303L	Electronics Design I Lab	1
EENG 311	Signals and Systems I	4
MATH 260	Ordinary Differential Equation	3
Ethics core requirement		3
Hours		17
Spring		
CPEN 342	Cyber-Physical Systems	3
CPEN 342L	Cyber-Physical Systems Lab	1
EENG 304	Electronics Design II	3
EENG 304L	Electronics Design II Lab	1
EENG 322	Signals and Systems II	3
Religion Requirement: World or Comparative Religion		3
Core Broadening Requirement		3
Hours		17

Fourth Year

Fall		
CPEN 430	Digital System Design	3
CPEN 430L	Digital System Design Lab	1
CPEN 442	Introduction to Robotics	3
Technical elective ¹		3
ENSC 491	Senior Design Project I	2
Technical elective ¹		3
Hours		15
Spring		
ENSC 492	Senior Design Project II	3
ENSC 400	Foundations of Engineering Exam	0
Technical elective ¹		3
Technical elective ¹		3
Technical elective ¹		3
ENSC 432	CIS:	3
Hours		15
Total Hours		130

¹ Approved EENG, CPEN or CPSC elective courses

Technical Electives in Computer Engineering

Only 300 and 400 level courses that are not required in the degree plan can be used to satisfy the technical elective requirements. Approved electrical and computer engineering and computer science courses with an EENG, CPEN or CPSC designation may be used as electives. The student's advisor must approve the selection. However, a maximum number of two approved computer science courses with a CPSC course designation may be used to satisfy computer engineering technical elective degree requirements. Please see your advisor for current course offerings.

Computer Engineering and Computer Science

Code	Title	Hours
CPEN 431	Computer Hardware Design and Architecture	3
CPEN 435	Parallel & Cloud Computing	3
CPEN 436	Machine Learning in Biomed	3
CPEN 443	Autonomous Mobile Robots	3
CPSC 321	Database Management Systems	3
CPSC 322	Data Science Algorithms	3
CPSC 346	Operating Systems	3
CPSC 435	Parallel and Cloud Computing	3
CPSC 436	Biomedical Informatics and Computing	3
CPSC 450	Design and Analysis of Computer Algorithms	3

Electrical Engineering

Code	Title	Hours
EENG 340 & 340L	Introduction Electric Power Engineering and Introduction Electric Power Engineering Lab	4
EENG 401	Lower Power Bioelectronics	3
EENG 403	Passive and Active Filter Design	3
EENG 406	VLSI Circuits and Systems	3
EENG 410	Information Theory and Coding	3
EENG 411	Introduction to Control Systems	3
EENG 412	Digital Control Systems	3
EENG 413	Artificial Intelligence Powered Automation	3

EENG 421	Introduction Communication Systems	3
EENG 424	Digital Signal Processing	3

ECE: Concentration in Robotics

The Department of Electrical and Computer Engineering offers a Concentration in Robotics.

This concentration is for students majoring in either the BSEE or the BSCpE degrees. A student majoring in one of these programs may pursue the concentration as they are not eligible for a minor in this area. The concentration course requirements are identical regardless of the degree a student is seeking.

Code	Title	Hours
CPEN 442	Introduction to Robotics	3
CPEN 443	Autonomous Mobile Robots	3
Select two of the following:		6
CPEN 436	Machine Learning in Biomed	
EENG 411	Introduction to Control Systems	
EENG 412	Digital Control Systems	
EENG 424	Digital Signal Processing	

University Core

In addition to their major and minor areas of study, all undergraduate students follow a common program designed to complete their education in those areas that the University considers essential for a Catholic, Jesuit, liberal, and humanistic education. The University Core Curriculum consists of forty-five credits of course work, with additional designation requirements that can be met through core, major, or elective courses.

The University Core Curriculum is a four-year program, organized around one overarching question, which is progressively addressed through yearly themes and questions. Hence, core courses are best taken within the year for which they are designated. First year core courses encourage intellectual engagement and provide a broad foundation of fundamental skills. Second and third year courses examine central issues and questions in philosophy and religious studies. The fourth year course, the Core Integration Seminar, offers a culminating core experience. Taken at any time throughout the four years, broadening courses intersect with the core themes and extend students' appreciation for the humanities, arts, and social and behavioral sciences. Finally, the designation requirements (writing enriched, global studies, and social justice) reflect important values and reinforce students' knowledge and competencies.

Overarching Core Question: As students of a Catholic, Jesuit, and Humanistic University, how do we educate ourselves to become women and men for a more just and humane global community?

Year 1 Theme and Question: Understanding and Creating: How do we pursue knowledge and cultivate understanding?

- The First-Year Seminar (DEPT 193, 3 credits): The First-Year Seminar (FYS), taken in the fall or spring of the first year, is designed to promote an intellectual shift in students as they transition to college academic life. Each small seminar is organized around an engaging topic, which students explore from multiple perspectives. The FYS is offered by many departments across the University (click here [PDF] (<https://www.gonzaga.edu/catalogs/current/undergraduate/school-of-engineering-and-applied-science/course-detail/?code=PHIL+101>) for list of FYS courses).

- Writing (ENGL 101 Writing, 3 credits) and Reasoning (PHIL 101 Reasoning, 3 credits): The Writing and Reasoning courses are designed to help students develop the foundational skills of critical reading, thinking, analysis, and writing. They may be taken as linked sections. Writing (ENGL 101 Writing) carries one of the three required writing-enriched designations (see below).
- Communication & Speech (COMM 100 Communication and Speech, 3 credits): This course introduces students to interpersonal and small group communication and requires the application of critical thinking, reasoning, and research skills necessary to organize, write, and present several speeches.
- Scientific Inquiry (BIOL 104 Scientific Inquiry/BIOL 104L Scientific Inquiry Lab, CHEM 104 Scientific Inquiry/CHEM 104L Scientific Inquiry Lab, or PHYS 104 Scientific Inquiry/, 3 credits): This course explores the scientific process in the natural world through evidence-based logic and includes significant laboratory experience. Students pursuing majors that require science courses will satisfy this requirement through their major.
- Mathematics (above Math 100, 3 credits): Mathematics courses promote thinking according to the modes of the discipline—abstractly, symbolically, logically, and computationally. One course in mathematics, above Math 100, excluding MATH 193 FYS: and including any math course required for a major or minor, will fulfill this requirement. MATH 100 College Algebra (College Algebra) and courses without the MATH prefix do not fulfill this requirement.

Year 2 Theme and Question: Being and Becoming: Who are we and what does it mean to be human?

- Philosophy of Human Nature (PHIL 201 Philosophy of Human Nature, 3 credits): This course provides students with a philosophical study of key figures, theories, and intellectual traditions that contribute to understanding the human condition; the meaning and dignity of human life; and the human relationship to ultimate reality.
- Christianity and Catholic Traditions (RELI, 3 credits). Religious Studies core courses approved for this requirement explore diverse topics including Christian scriptures, history, theology, and practices as well as major contributions from the Catholic intellectual and theological traditions (click here [PDF] (<https://gonzaga.azureedge.net/-/media/Website/Documents/Academics/University-Core/university-core-registration-guide.ashx?rev=42dd64be974d42c49aac56d4d16b7963&hash=7264D841F25D646771C8A9> a list of approved courses).

Year 3 Theme and Question: Caring and Doing: What principles characterize a well lived life?

- Ethics (PHIL 301 Ethics or RELI, 3 credits): The Ethics courses are designed to help students develop their moral imagination by exploring and explaining the reasons humans should care about the needs and interests of others. This requirement is satisfied by an approved ethics course in either Philosophy (PHIL 301 Ethics) or Religious Studies (click here [PDF] (<https://gonzaga.azureedge.net/-/media/Website/Documents/Academics/University-Core/university-core-registration-guide.ashx?rev=42dd64be974d42c49aac56d4d16b7963&hash=7264D841F25D646771C8A9> for a list of approved courses).
- World/Comparative Religion (RELI, 3 credits): Religious Studies courses approved for this core requirement draw attention to the diversity that exists within and among traditions and encourage students to bring critical, analytical thinking to bear on the traditions and questions considered. These courses carries one of the required

two global-studies designations (see below) (click here [PDF] (<https://gonzaga.azureedge.net/-/media/Website/Documents/Academics/University-Core/university-core-registration-guide.ashx?rev=42dd64be974d42c49aac56d4d16b7963&hash=7264D841F25D646771C8A9E3A04EAD74>) for a list of approved courses).

Year 4 Theme and Question: Imagining the Possible: What is our role in the world?"

- Core Integration Seminar (DEPT 432, 3 credits). The Core Integration Seminar (CIS) offers students a culminating core experience in which they integrate the principles of Jesuit education, prior components of the core, and their disciplinary expertise. Some CIS courses may also count toward a student's major or minor. The CIS is offered by several departments across the University (click here [PDF] (<https://gonzaga.azureedge.net/-/media/Website/Documents/Academics/University-Core/university-core-registration-guide.ashx?rev=42dd64be974d42c49aac56d4d16b7963&hash=7264D841F25D646771C8A9E3A04EAD74>) for a list of CIS courses).

The Broadening Courses

- Fine Arts & Design (VART, MUSC, THEA, 3 credits): Arts courses explore multiple ways the human experience can be expressed through creativity, including across different cultures and societies. One approved course in fine arts, music, theatre, or dance will fulfill this requirement (click here [PDF] (<https://gonzaga.azureedge.net/-/media/Website/Documents/Academics/University-Core/university-core-registration-guide.ashx?rev=42dd64be974d42c49aac56d4d16b7963&hash=7264D841F25D646771C8A9E3A04EAD74>) for a list of approved courses).
- History (HIST, 3 credits): History courses are intended to develop students' awareness of the historical context of both the individual and the collective human experience. One course in History (HIST 101 Foundations of the West, HIST 102 The West and the World, HIST 112 World History, HIST 103 United States History I, HIST 104 United States History II) will fulfill this requirement.
- Literature (3 credits): Literature courses foster reflection on how literature engages with a range of human experience. One approved course in Literature (offered by English, Classics, or Modern Languages) will fulfill this requirement (click here [PDF] (<https://gonzaga.azureedge.net/-/media/Website/Documents/Academics/University-Core/university-core-registration-guide.ashx?rev=42dd64be974d42c49aac56d4d16b7963&hash=7264D841F25D646771C8A9E3A04EAD74>) for a list of approved courses).
- Social & Behavioral Sciences (3 credits): Courses in the social and behavioral sciences engage students in studying human behavior, social systems, and social issues. One approved course offered by Criminal Justice, Economics, Political Science, Psychology, Sociology, or Women and Gender Studies will fulfill this requirement (click here [PDF] (<https://gonzaga.azureedge.net/-/media/Website/Documents/Academics/University-Core/university-core-registration-guide.ashx?rev=42dd64be974d42c49aac56d4d16b7963&hash=7264D841F25D646771C8A9E3A04EAD74>) for a list of approved courses).

The Designations

Designations are embedded within already existing core, major, minor, and elective courses. Students are encouraged to meet designation requirements within elective courses as their schedule allows; however, with careful planning students should be able to complete most of the designation requirements within other core, major, or minor courses.

- Writing Enriched (WE; 3 courses meeting this designation): Courses carrying the WE designation are designed to promote the humanistic and Jesuit pedagogical ideal of clear, effective communication. In addition to the required core course, Writing (ENGL 101 Writing), which carries one of the WE designations, students must take two other WE-designated courses (click here [PDF] (<https://gonzaga.azureedge.net/-/media/Website/Documents/Academics/University-Core/university-core-registration-guide.ashx?rev=42dd64be974d42c49aac56d4d16b7963&hash=7264D841F25D646771C8A9E3A04EAD74>) for a list of approved courses).
- Global-Studies (GS; 2 courses meeting this designation): Courses carrying the GS designation are designed to challenge students to perceive and understand human diversity by exploring diversity within a context of constantly changing global systems. In addition to the required core course, World/Comparative Religion (RELI 300-level), which carries one of the GS designations, students must take one other GS-designated course (click here [PDF] (<https://gonzaga.azureedge.net/-/media/Website/Documents/Academics/University-Core/university-core-registration-guide.ashx?rev=42dd64be974d42c49aac56d4d16b7963&hash=7264D841F25D646771C8A9E3A04EAD74>) for a list of approved courses).
- Social-Justice (SJ; 1 course meeting this designation): Courses carrying the SJ designation are designed to introduce students to one or more social justice concerns. Students must take one course that meets the SJ designation (click here [PDF] (<https://gonzaga.azureedge.net/-/media/Website/Documents/Academics/University-Core/university-core-registration-guide.ashx?rev=42dd64be974d42c49aac56d4d16b7963&hash=7264D841F25D646771C8A9E3A04EAD74>) for a list of approved courses).

Major-specific adaptations to the University Core Curriculum

All Gonzaga students, regardless of their major, will complete the University Core Curriculum requirements. However some Gonzaga students will satisfy certain core requirements through major-specific programs or courses. Any major-specific adaptations to the core are described with the requirements for the majors to which they apply.

Honors Program Requirements

Students must take the following courses to complete their Honors degree

Code	Title	Hours
HONS 100	Multi-modal Communications	3
PHIL 101	Reasoning	3
HONS 193	FYS:	3
HONS 432	CIS	3
HONS 499	Honors Senior Project	3
Select five of the following: ¹		15-16
HONS 104	Science Inquiry	3
HONS 104	Science Inquiry Lab	1
HONS 201	Honors Human Nature	3
HONS 217	Honors Special Topics: Mathematics	3
HONS 220	Honors Christian Catholic Traditions	3
HONS 221	Honor World or Global Religion	3
HONS 241	Foundations of the West	3
HONS 243	Asian&PacificIslanderAmerHist	3
HONS 247	Honors Special Topics in History	3
HONS 267	Honors Special Topics in Art	3

HONS 287	Honors Special Topics in Literature	
HONS 301	Honors Ethics	
HONS 290	Honors Colloquium ²	3
HONS 390	Honors Colloquium ²	3

¹ These courses are cross-listed with regular University courses, and can fulfill core or major requirements.

² Course numbers may be repeated for credit.

In order to remain an Honors student in good standing, a student must:

1. Complete the Honors First Year Block (HONS 193 FYS., HONS 100 Multi-modal Communications, and PHIL 101H Reasoning: Honors) or the transfer equivalent within one academic year of joining the program.
2. Must either complete 6 credit hours of HONS courses (or courses with the Honors Designation) per academic year, or be within 12 credit hours of completing the Honors requirements. Exceptions will be made for students studying abroad during the academic year.
3. Must achieve a cumulative GPA of 3.3 at the time of graduation and good academic standing throughout their tenure at Gonzaga (as defined by the undergraduate catalogue). Students who drop below a 3.0 for two consecutive semesters will be removed from the program (subject to Director review).

Students who fail to meet these requirements will be removed from the program and will no longer qualify for the Honors scholarship.
